

**WOMEN AND GIRLS IN STEM FORUM  
STUDENT CHALLENGE FOR SECONDARY SCHOOLGIRLS**

**Statement of Consent to the Processing of Personal Data**

**Undersigned Applicant**

Full Name:

Address:

**Applicant's legal representative (only if applicant is under 18 years of age)<sup>1</sup>**

Full Name:

Address:

I have read and understood the **Privacy Policy document** connected to the "*Student Challenge for Secondary Schoolgirls*" launched by the Girls Go STEM project in the frame of the Women and Girls in STEM Forum – the project's annual event. I am aware of what personal data is processed, for what purposes, who the recipients of the data are, and that I may revoke any consent I have given at any time with future effect.

I am also aware that participation in the competition is not possible without consent to the processing necessary for its conduct, while consent for publication and promotional purposes is voluntary.

Please tick the boxes for the consent you wish to provide.

**1. Consent for processing for the conduct and evaluation of the competition**

- I consent to my personal data and the materials I submit (in particular presentations and videos) being processed by the data controller and shared with external evaluators as well as the partner organisations listed in the privacy notice, to the extent necessary for the conduct, organisation, and evaluation of the competition.

I am aware that **this consent is a prerequisite for participation** in the competition.

**2. Publication for Public Voting**

- I consent to the publication of my name, my school, my country, and the video I submitted on the Girls Go STEM Initiative website and on the specified social media channels (e.g., YouTube) in the event that I am selected as a finalist, for the purpose of conducting a public vote.

---

<sup>1</sup> To be filled if the applicant is below 18. Please leave it blank otherwise.

**WOMEN AND GIRLS IN STEM FORUM  
STUDENT CHALLENGE FOR SECONDARY SCHOOLGIRLS**

**Statement of Consent to the Processing of Personal Data**

I am aware that **this consent is voluntary** and that my application will be evaluated even without this consent. Withdrawal of this consent does not affect my participation in the competition, but may result in my exclusion from the public voting.

**3. Publication for Public Relations and Promotion Purposes**

- I consent to the publication and use of my name, my school, my country, and the materials I have submitted (presentations and videos) on the website and on the project's social media channels before, during, and after the competition for the purposes of public relations and promotion of the Girls Go STEM Initiative.

I am aware that **this consent is voluntary and may be revoked at any time** with future effect. In the event of revocation, the affected content will be removed from the aforementioned media to the extent possible.

I confirm that all persons identifiable in the materials I have submitted have effectively consented in advance to the processing and publication of their personal data. If such consent is not available, the persons in question have been made unrecognisable.

For participants under 18 years of age, this consent is provided by the legal representative. The additional involvement of parents is independent of the fact that minors aged 16 and older are generally capable of giving consent themselves, and serves to provide increased protection in the case of image and video publications.
